Our School Vision

Everyone in our school community deserves to be cared for unconditionally and valued equally as a unique person, within the Christian ethos of our school.

In our learning, in our work, in our relationships and as part of the community, we are committed to aiming for success and enjoyment in everything we do.

**Learn and Achieve
Support and Care
Safe and Secure
Value Everyone**

*'Together: we learn, we share,
we pray, we care'*

We believe our children should have lasting fond memories of their time spent at St. Faith's and leave us with the skills (both social and academic), to be successful and happy individuals in their future lives.

We believe that everyone in our school community must share the responsibility for realising this vision and work together to achieve its aims, by:
